Date: March 8, 2012

#### FIELD ACTIVITY

##### Water Supply (Gerald Heston)

- The delivery of water continues as necessary.

##### Water Sampling (Gerald Heston)

- One home is in the process of being sampled this afternoon. There are currently four (4) outstanding residences that we are still attempting to schedule. Of these four, one will not be back in the area before April. We are still trying to reschedule sampling with the resident in the hospital.

The data below includes the home being sampled at the time of this writing.

Dimock Executive Summary							3/8/2012

TOTALS	69		69				
*Unaccounted category includes homes that were sent certified letters due to disconnected phone - not counted in appointment to be scheduled. Also note that the discrepancy between Sampling Done and Appointments Scheduled is because some homes shared a well and only one home was sampled.
